

Eliot-Hine School Improvement Team

- We want feeder parents!
- Construction begins (earliest) Winter break 2018
- Construction finishes in the Fall of 2020
- Winter 2016/Spring 2017:
 - Work with Principal Vargas/DCPS school planning team on academic planning and recruitment strategies for Eliot-Hine
 - **SIT meeting on 11/30 with a focus on school planning**
 - Feasibility study
- Spring 2018/Summer 2018: procure architects for modernization project, consult on design and layout of modernized school building.
- SIT application: <https://goo.gl/forms/Mw7vL5xJrJEsrUx02>

Maury modernization updates

- Feasibility study explored options for a school size of 457 students and 539 students
 - Maury has a five-year enrollment projection of 516 students
 - A smaller school would force us to pursue a cluster model (possibly with Miner ES) or an alteration to the Maury boundary
- DCPS leadership is determining now how they would like to proceed
- Expect a decision by the end of the calendar year

Next steps

- The size of the school will not impact the start date
- Maury can expect have a swing-space at Eliot-Hine
- Procurement of architecture/construction firms is ongoing (with both sizes)
- Big next steps:
 - Late January 2017: Award job to architecture/construction firm
 - Begin design of building, consult with SIT
 - February/March 2017: Tours of Eliot-Hine building for Maury community, start organizing Maury staff and school for the move
