1. Strategy for Response to Test Scores
 - a. A "First in Math" replacement that students can use at home is needed.
 - b. Additional iReady accounts are not needed for student interventions.

2. Crash at Intersection of Constitution Ave NE and 13th Street NE
 - a. A student was seriously injured when hit by a car at the intersection of Constitution Ave NE and 13th Street NE.
 - b. Amber briefed the committee on a traffic study that DDOT conducted for the 1200 and 1300 blocks of Constitution Ave NE in 2015. The study concluded that traffic speeds are not excessive on these blocks. Amber will post the traffic study on the Maury ES website.
 - c. The committee discussed how to improve safety at the intersection, including reconstituting the student crossing guard program, a family sign campaign to remind drivers to slow down, and working with Bill Schultheiss to prepare traffic calming solutions for the intersection.

3. Early Childhood Class Observations
 - a. Kira Kliment reviewed the CLASS Observation Report for Pre-K in SY2015-2016.
